

Medical Coaching Training Program

Module 3 – Advanced

Lesson 4, Class Assignment

Work with a fellow Medical Coaching student or PMC.

1. Practice the **“EFT Pain – Nick Ortner”** technique.

Send a written report to your mentor and address:

- The pain issue the “client” presented.
- The positive affirmation.
- The way you followed the technique instructions. (don't rewrite the instructions, write how you did it and what you said).

Remember, the more information you give – the more feedback you get 😊

- The change in submodalities and emotional intensity.
- What you saw in calibration
- Your client's feedback
- Dilemmas and/or questions
- Your learnings.

Send the report in a WORD format.

Enjoy 😊
